

Project Manager/Architect

Cedar Corporation is a growing full service consulting company in search of creative, talented, and client focused individuals to join our collaborative team. With offices in Menomonie, Green Bay, Madison, and Cedarburg, Wisconsin, we are involved in a wide range of governmental, commercial, educational, hospitality, and industrial projects, including historic renovations to modern commercial buildings and functional industrial solutions. While most of our work is in Wisconsin, we also work throughout the Midwest. Regardless of the project or locale, we work closely with our clients, providing a full range of architectural and engineering services.

Our firm has been built on referral and repeat business, and each employee contributes to that success. We team with clients who expect Cedar's unique balance of attention to detail, experience, and quality design skills. We are seeking a Project Manager/Architect with strong project management ability and experience, to complement our hard working, professional, client focused team. This person will contribute from schematic design to construction documents through drafting and document coordination. Would you like to be a part of our team?

Your contributions will include:

- Project Management and client relations for low to medium complexity projects
- Coordination and development of schematic and construction documents using Revit
- Working with our team to solve design challenges for a variety of projects
- Negotiation of contract scope, schedule, and compensation with clients and sub-consultants
- Creation of good working relationships with clients, consultants, and government officials

Preferred Qualifications:

- Qualified candidates must have a minimum of 5 years architectural experience, with at least 2 years of recent Project Manager experience
- The ability to work successfully with other team members
- Strong organizational and communication skills
- 2+ years of previous experience with Revit is preferred
- Experience in proposal preparation and client management, with a proven history of leading and winning proposals, is a plus
- Excellent presentation, graphics, written, and verbal communication skills
- Bachelor's Degree in Architecture or experience in lieu of education is required with licensure in Wisconsin or the ability to be licensed within 24 months; ability to be licensed in other states is preferred

The position provides a competitive salary and full benefit package.
