

Cedar Corporation is searching for a full time, highly motivated, self-starter to join our growing company as a Water/Wastewater Project Engineer in our Green Bay office. This individual will provide Project Engineering and Design Services from the Green Bay office as well as assist other offices with projects as necessary.

**Responsibilities include:**

- Planning, studies, design and construction phase services for water/wastewater projects
- Provide design decisions that meet the needs of internal and external clients
- Use sound engineering judgement to complete assigned tasks

**Preferred Qualifications:**

- Bachelor's Degree in Civil or Environmental Engineering
- EIT certification desired
- 2 to 5 years experience with Water/Wastewater related projects
- AutoCAD Civil 3D experience is a plus
- Proficient with Microsoft Word and Excel software
- Excellent oral and written communication and presentation skills
- Valid drivers license in current state of residence

The position provides a competitive salary and full benefit package.
